Special Notes / Instrucciones

The map shows the northern Adriatic coastline, with Italy to the west and Slovenia to the east. Sampling stations are marked with numbers 1 through 10. Station 1 is located near the Italian coast, while stations 2 through 10 are further east, closer to the Slovenian coast. The map includes latitude and longitude coordinates and a scale bar.

<p> 1. The first part of the paper is devoted to the study of the properties of the function $f(x)$ defined by the equation $f(x) = \sum_{n=0}^{\infty} a_n x^n$, where $a_n = \frac{1}{n!}$. It is shown that $f(x)$ is a continuous function on the interval $[0, 1]$ and that it is differentiable at $x=0$. The derivative of $f(x)$ at $x=0$ is equal to 1. </p>	<p> 2. The second part of the paper is devoted to the study of the properties of the function $g(x)$ defined by the equation $g(x) = \sum_{n=0}^{\infty} b_n x^n$, where $b_n = \frac{1}{n!}$. It is shown that $g(x)$ is a continuous function on the interval $[0, 1]$ and that it is differentiable at $x=0$. The derivative of $g(x)$ at $x=0$ is equal to 1. </p>
